PIVVOT VISION FRAMING CO::LAB · 2026 OVERVIEW

A 10-month guided journey to the vision only your church can carry.

Share this page with your leadership team. It's the full picture of the co::Lab — what it is, how it works, the investment, and how to join — built on the Vision Frame that has served 40,000+ church teams.

WHAT IT IS

Vision Framing, reimagined for disciple-making

RunFree.Co's signature service reimagines Vision Framing for authentic, disciple-making church growth. For over two decades, Will Mancini and his team have guided churches in articulating their unique vision through the celebrated Vision Frame. The Pivvot Process takes it further — helping you articulate a truly disciple-making vision unique to your context.

It's best to view this not as a typical consulting project, but as a **fractional strategic-development executive pastor for a year** — walking your team from busy and blurry to clear and disciple-making.

THE ROAD MAP

Six master tools, one integrated journey

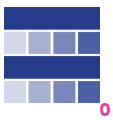

01 **Funnel Fusion**

02 **Crowd Cloud**

03 **Disciple's Journey**

04 **Kingdom Platform**

05 **Vision Frame**

06 **Horizon Storyline**

The process integrates transformative "paradigm steps" to accelerate the shifts you're already talking about — you don't need just another voice, but a coach to complete the conversation:

1 MIND SHIFT

Move the Finish Line. Redefine success with Funnel Fusion — beyond attendance and programs to normalizing relational disciple-making.

2 HEART SHIFT

Become a Hero-Maker. Embrace the "pastorhood of every believer" and use Crowd Cloud to see your congregation's full potential.

3 HANDS SHIFT

Build a Training Center. Use Disciple's Journey to pivot from content-focused teaching to practice-based training in the skills Jesus modeled.

4 PLATFORM SHIFT

Empower Each One. Help individuals identify and step into their unique kingdom calling with the Kingdom Platform.

5 DESIGN

Design Your Ministry. Codify your unique disciple-making mission and model with the Vision Frame.

6 PICTURE

Create the Future. Clarify a God-sized dream with the Horizon Storyline — a simple, executable plan that rallies every leader.

WHY THE CO::LAB

What you and your team will walk away with

Through the virtual cohort, video training, and digital portal, your team will:

- ✓ Challenge assumptions about current church-growth models
- ✓ Transition from a program-centric to a people-development focus
- ✓ Develop strategies to equip and release disciple-makers
- ✓ Craft a visionary plan with unprecedented clarity
- ✓ Learn to measure success by disciple-making impact, not just attendance

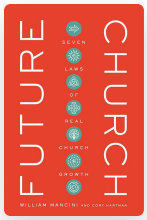

By the end, you will confidently: **(1)** clarify your church's unique identity and calling, **(2)** develop a compelling, actionable vision, **(3)** create a roadmap for sustainable disciple-making growth, **(4)** align your team around a shared purpose, and **(5)** implement effective strategies for ministry today.

The co::Lab isn't about abandoning everything. It's about realigning your church's vision, strategy, and culture with Jesus' original disciple-making mission — a sustainable model for growth that doesn't chase numbers or rely on constant programming.

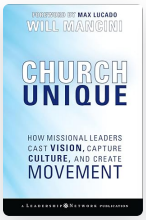

PROVEN THOUGHT LEADERSHIP

Built on Will Mancini's life's work

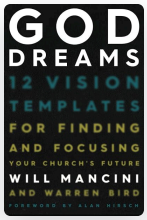

The process draws directly from four books — and your team gets **chapters from each of them** in its co::Lab portal:

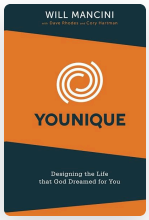

Future Church
7 Laws · Funnel Fusion

Church Unique
The Vision Frame

God Dreams
Horizon Storyline

Younique
Personal calling

THE CORE PROCESS

How the year actually runs

- **10 core virtual training sessions**, 4 hours each, spread across 10 months — all via Zoom.
- Attended by **up to 4 church leaders** from each church (your "Future Team").
- Each co::Lab is **up to 8 church teams** journeying together.
- Plan on **4–6 hours between sessions** for continued collaboration and decision-making.
- Led by **Andrew Estes and the RunFree team**, with Will Mancini joining as his schedule allows.
- A **digital portal** with handouts, additional training videos, and book resources.
- An **online community** between sessions for coaching, Q&A, and feedback.

Deliverables: a finished **Vision Frame** (your church's DNA, codified) and a **Horizon Storyline** (a God-sized dream with an executable plan) — ministry-design and visionary-planning tools celebrated by churches worldwide for over a decade.

THE INVESTMENT

What it costs

~~$5,000 per church~~

$2,500 / church · $250 a month

Fall 2026 cohort: half covered by CCL Network's Lilly Endowment grant

Format & dates: the fall 2026 co::Lab runs fully virtual via Zoom. It began **October 21, 2026** and meets for one 4-hour intensive a month for 10 months. Dates and pricing for the next cohort aren't set yet.

YOUR GUIDE

Who you'll be in the room with

Andrew Estes, RunFree Vision Coach, leads co::Labs with the RunFree team. He was trained by **Will Mancini**, the founder of the Vision Frame, and has walked church teams through this process for years — and would love to hear about your church before you decide anything.

NEXT STEP

Ready to explore it for your church?

Book a free 30-minute call with Andrew to talk through fit and hear what's next — no commitment required.
